

Thank you for attending our most recent Woman's Council of REALTORS® Business Resource Meeting. We hope you enjoyed the program and we are excited for the remainder of the year with many exciting programs and fun networking events planned.

WCR is most appreciative of your attendance and support of our group. We hope that you will now further support us by joining our organization as a Local or National Affiliate member. In the past, we've had a restriction on the number of affiliate members per company that could hold membership. However, we acknowledge the value of our affiliate partners and have decided to invite all affiliates to join as either a National or Local member.

In light of this, we also have to acknowledge that WCR is a REALTOR® organization and we have to support the desires of our REALTOR® community. WCR National has a restriction that does not allow our organization to have less than 70 percent REALTOR® members. In part, this is to network with other REALTORS®. Therefore, we have decided to implement additional guidelines for our Affiliate members.

In 2010, we will be enforcing our policy that Affiliate member applicants must have 2 REALTOR® members join concurrently. We know that with your strong ties in the community, you will influence and persuade REALTORS® that WCR is an important organization in which to attain membership.

For Non-Member Affiliates, we will now require that they bring a REALTOR® guest to each Business Resource Meeting attended. A non-member Affiliate will not be able to register for the event without confirming who their guest is.

Our policy permits any guest (REALTOR® or Affiliate) to attend (2) Business Resource Meetings as non-members. After that, we ask that you participate by joining WCR Marin and participating on a committee level.

Thank you for your continued support and understanding. You are a valuable part of our organization and we look forward to seeing you soon.
